

## **CHRIST (Deemed to be University) — Student Handbook 2025–26**

CHRIST (Deemed to be University) is a minority-owned, multi-disciplinary institution in Bengaluru, Karnataka, founded in 1969 as Christ College and declared a Deemed University in 2008 by the MHRD under the UGC Act. It is administered by the Carmelites of Mary Immaculate (CMI), rooted in the educational vision of St. Kuriakose Elias Chavara. The University holds a NAAC A+ grade with a CGPA of 3.42 as of 2022 and serves over 38,000 students from all Indian states and around 77 countries.

The University operates six campuses: Bangalore Central (1969), Bangalore Kengeri (2004), Bangalore Bannerghatta Road (2016), Bangalore Yeshwanthpur (2022), Pune Lavasa (2013), and Delhi NCR at Ghaziabad (2013). The vision of the University is "Excellence and Service" and its mission focuses on holistic individual development for effective societal contribution. Core values include Faith in God, Moral Uprightness, Love of Fellow Beings, Social Responsibility, and Pursuit of Excellence.

Academic programmes span Bachelor, Master, and Doctoral levels across Arts and Humanities, Social Sciences, Sciences, Commerce, Management, Engineering, Law, Education, and Architecture. The University follows the National Education Policy (NEP) guidelines applicable from the 2023 UG batch, and operates on a semester/trimester system depending on the programme.

Assessment is based on Continuous Internal Assessment (CIA) and End Term Examinations (ETE). CIA components vary by programme but generally include tests, assignments, and mid-semester examinations across three CIA cycles per semester. Students must satisfy minimum attendance and internal mark requirements to appear for end-semester exams. Supplementary and improvement examinations are available for students who fail or wish to improve their scores.

The PhD programme requires completion of a six-month coursework, bi-annual progress reports, at least two publications in Scopus/Web of Science indexed journals, conference presentations, and a public viva-voce examination. PhD registration can be cancelled for unsatisfactory progress, plagiarism, non-payment of fees, or failure to submit the thesis within the specified time.

The University library system has seven libraries across campuses with a total print collection exceeding 3.5 lakh books, access to 6.9+ lakh e-books, 65,000+ e-journals, and 28+ major online databases including JSTOR, Scopus, IEEE Xplore, ProQuest, and Emerald Insight. Library circulation allows undergraduate students to borrow 2 books and postgraduate students 4 books for 14 days, with a fine of ₹5 per day for late returns.

The Student Code of Conduct governs academic integrity, behavior, dress code, and campus discipline. Separate regulations exist for the prevention of ragging, sexual harassment, substance abuse, and redressal of student grievances. Differently-abled students are entitled to compensatory exam time of up to 20 minutes per hour upon submission of medical documentation.

The University has over 30 specialized centres including the Centre for Research, Centre for Digital Innovation, Centre for Social Action, Incubation and Entrepreneurship Support Cell, Centre for Publications, Centre for Korean Studies, Centre for East Asian Studies, and the Centre of Excellence in Automation and Astronomy. Fee concessions and scholarships are available, and detailed eligibility criteria are outlined in the handbook's digital version on the university website.

The Academic Calendar for 2025–26 begins in May 2025 for faculty and June 2025 for students, with odd semester exams in October, even semester commencement in October/November, and even semester exams in March–April 2026. Convocation for 2025–26 is scheduled in May 2026.

## **United Nations 2030 Agenda — 17 Sustainable Development Goals (SDGs)**

This is the SDG Resource Document for the 4th SDG Youth Summer Camp, covering all 17 SDGs from the UN 2030 Agenda for Sustainable Development, including targets for each goal.

### **SDG 1 — No Poverty**

Eradicate extreme poverty (under \$1.25/day), halve multidimensional poverty, implement social protection systems, ensure equal access to economic resources, and build resilience to climate-related shocks by 2030.

### **SDG 2 — Zero Hunger**

End hunger and all forms of malnutrition by 2030, double agricultural productivity for small-scale producers, ensure sustainable food systems, maintain genetic diversity of seeds and livestock, and eliminate agricultural export subsidies.

### **SDG 3 — Good Health and Well-Being**

Reduce maternal mortality to under 70 per 100,000 live births, end epidemics of AIDS, TB, and malaria, achieve universal health coverage, reduce non-communicable disease mortality by one-third, and strengthen health systems in developing countries.

### **SDG 4 — Quality Education**

Ensure free and equitable primary and secondary education for all, eliminate gender disparities in education, achieve universal literacy, expand scholarships for developing countries, and increase the supply of qualified teachers by 2030.

### **SDG 5 — Gender Equality**

End all discrimination and violence against women and girls, eliminate harmful practices like forced marriage and FGM, ensure equal political and economic participation, and guarantee universal reproductive rights and equal property rights.

### **SDG 6 — Clean Water and Sanitation**

Achieve universal access to safe drinking water and sanitation, improve water quality, double water-use efficiency, protect water-related ecosystems by 2020, and implement integrated water resource management by 2030.

### **SDG 7 — Affordable and Clean Energy**

Ensure universal access to modern energy services, substantially increase renewable energy share in the global mix, double energy efficiency improvement rates, and expand clean energy infrastructure in developing countries by 2030.

### **SDG 8 — Decent Work and Economic Growth**

Sustain at least 7% GDP growth in least developed countries, achieve full and equal employment for all by 2030, eradicate forced labour and child labour by 2025, protect labour rights, and promote sustainable tourism and financial inclusion.

### **SDG 9 — Industry, Innovation and Infrastructure**

Build resilient and sustainable infrastructure, promote inclusive industrialization, upgrade industries for resource efficiency, increase R&D investment, and provide universal affordable Internet access in least developed countries.

### **SDG 10 — Reduced Inequalities**

Grow incomes of the bottom 40% above national averages, ensure full social and political inclusion for all, eliminate discriminatory laws, facilitate safe migration, and reduce migrant remittance transaction costs to below 3% by 2030.

### **SDG 11 — Sustainable Cities and Communities**

Ensure affordable housing and sustainable transport for all, protect cultural heritage, reduce disaster-related losses, lower cities' environmental impact, and adopt integrated disaster risk management aligned with the Sendai Framework.

### **SDG 12 — Responsible Consumption and Production**

Halve global food waste per capita by 2030, achieve sustainable natural resource management, substantially reduce waste generation, phase out harmful fossil-fuel subsidies, and encourage companies to adopt sustainable reporting practices.

### **SDG 13 — Climate Action**

Strengthen climate resilience in all countries, integrate climate change into national policies, improve climate education and institutional capacity, and mobilize \$100 billion annually from developed countries for developing nations through the Green Climate Fund.

### **SDG 14 — Life Below Water**

Reduce marine pollution, end overfishing, conserve at least 10% of coastal and marine areas by 2020, prohibit harmful fisheries subsidies, and implement international ocean law under the UN Convention on the Law of the Sea.

### **SDG 15 — Life on Land**

Halt deforestation and restore degraded forests by 2020, combat desertification by 2030, prevent extinction of threatened species, end wildlife trafficking, stop spread of invasive species, and integrate biodiversity values into national planning.

### **SDG 16 — Peace, Justice and Strong Institutions**

Reduce all forms of violence, end child abuse and trafficking, promote rule of law, reduce corruption, build transparent institutions, ensure legal identity for all by 2030, and protect public access to information and fundamental freedoms.

### **SDG 17 — Partnerships for the Goals**

Developed countries to provide 0.7% of GNI as ODA to developing countries. Promote North-South and South-South technology cooperation, advocate for a fair WTO trading system with duty-free access for least developed countries, and build data and statistical capacity for measuring sustainable development progress beyond GDP.
